

# EQUILIBRIUM Pro Plus

#35550  
Platinum

## Guaranteed Analysis

<b>Protein</b>	14.00%	<b>Sodium</b>	0.60%
<b>Fat</b>	7.00%	<b>Vitamin A</b>	12 000 I.U./kg
<b>Fibre</b>	12.00%	<b>Vitamin D3</b>	1200 I.U./kg
<b>Calcium</b>	0.85%	<b>Vitamin E</b>	245 I.U./kg
<b>Phosphorus</b>	0.60%	<b>Selenium</b>	0.40 mg/kg

## Directions for use

Equilibrium Pro Plus is recommended for performance horses, breeding stallions, broodmares and growing foals. Feed in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long stemmed forage (hay/pasture). Feed according to the following table, whereby the lower quantity meets minimum vitamin and mineral requirements and the higher quantity meets Purina Superior recommendations. Ideally, feed enough to achieve desired body condition, and for every kilogram under the recommendation, provide 225 grams of Purina Equilizer (35710). Provide free-choice salt. Daily ration should be divided into 2 and preferably 3 separate feedings daily.

### Daily amount of Equilibrium Pro Plus

kg / 100 kg of body weight

	Minimum	Purina Superior
<b>Maintenance</b>	0.55	0.75
<b>Performance</b>		
<b>Light Exercise</b>	0.65	1.00
<b>Moderate Exercise</b>	0.73	1.13
<b>Intense Exercise</b>	0.82	1.25
<b>Stallions</b>		
<b>Non Breeding</b>	0.55	1.00
<b>Breeding</b>	0.65	1.00
<b>Broodmares</b>		
<b>Gestation</b>	0.65	1.00
<b>Foals</b>		
<b>13 to 18 Months</b>	1.33	1.33
<b>19 Months and +</b>	1.14	1.25

Equilibrium Pro Plus is a versatile high fat and highly fortified pelleted feed designed primarily for performance horses. It is also a valuable option for breeding and growing horses. Equilibrium Pro Plus dense nutrient content yields a versatile product suitable for situations when one feed has to meet the variable needs of every horse in the barn.

Equilibrium Pro Plus is formulated with certified quality ingredients and is manufactured exclusively in our specialized and drug-free facility in Strathroy, Ontario.

## Characteristics

CHARACTERISTICS	ADVANTAGES
Contains 7% fat from vegetable sources	<ul style="list-style-type: none"> <li>Highly digestible and energy/calorie dense. Less feed required to maintain body condition.</li> <li>Helps regulate glycemic and insulin response.</li> <li>Clean burning fuel, does not produce lactic acid and spares glycogen levels for enhanced athletic performance.</li> </ul>
Contains elevated and added amino acids including methionine	<ul style="list-style-type: none"> <li>Provides building blocks for improved muscle tone, joint health and proper growth.</li> </ul>
Contains an elevated level of vitamin E (245 I.U./kg.) and organic selenium (0.4 mg/kg)	<ul style="list-style-type: none"> <li>Effective antioxidants. Helps repair the oxidative stress of exercise.</li> <li>Helps supports immune functions and overall health.</li> </ul>

## Ingredients

Fibre	Soya Hulls
Protein/Amino Acids	Soya Bean Meal, DL-Methionine
Starch	Ground Corn
Fat	Soya Oil
Prebiotic	
Probiotic	
Vitamins	Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin
Minerals	Salt (Sodium Chloride), Calcium Carbonate, Magnesium Oxide, Calcium Iodate, Copper Sulphate, Ferrous Sulphate, Manganese Oxide, Zinc Oxide, Mono Dicalcium Phosphate, Cobalt Carbonate, Organic Selenium, Selenium
Multi-Attributes	Wheat shorts
Flavour/Binder

Pro Plus**

#35550 Platinum

- Amounts can vary depending on the hay. Purina recommends that you have your hay analyzed and balance your ration accordingly. Also, depending on the hay, Optimal (35720) may be better suited as a supplement than Equilizer (35710).
- Do not provide more than 0.5% of body weight of this feed at one time.
- Provide a source of fresh, clean water at all times.
- Follow sound management practices along with disease and sanitation control measures. If there are any questions, contact your veterinarian, Purina dealer or Purina sales consultant.

### Caution

Directions for use must be carefully followed.

Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
