

# SUPPLEMENTS

#35890

# Digestive Balance

Digestive Balance is an oral gastrointestinal support supplement that supports gastrointestinal health, normal gastric pH and beneficial gut microbiome.

## Guaranteed Analysis

<b>Crude Protein</b> (min.)	13.0%	<b>Phosphorus</b> (actual)	0.45%
<b>Crude Fat</b> (min.)	2.0%	<b>Copper</b> (actual)	150 mg/kg
<b>Crude Fibre</b> (max.)	17.0%	<b>Zinc</b> (actual)	550 mg/kg
<b>Calcium</b> (actual)	4.0%	<b>Selenium</b> (added)	0.1 mg/kg

## Feeding rates

Administer top-dressed on the feed 360 grams per 250 kg body weight daily according to how many times per day the horse is normally fed:

Body weight (kg)	Grams top dressed on feed twice daily	Grams top dressed on feed 3 times daily	Grams top dressed on feed 4 times daily	Total grams per day
250	180	120	90	360
500	360	240	180	720
750	540	360	270	1080
1000	720	480	360	1440

Administer for 2 weeks or as recommended by a veterinarian.

## Characteristics

Contains organic selenium	<ul style="list-style-type: none"> <li>Immunity and enhance absorption.</li> </ul>
Contains zinc proteinate	<ul style="list-style-type: none"> <li>Chelation ensures enhanced digestibility.</li> </ul>
Contains dehydrated alfalfa meal as a carrier	<ul style="list-style-type: none"> <li>Enhanced palatability.</li> </ul>
Manufactured in a plant with high standards of biosecurity and quality	<ul style="list-style-type: none"> <li>Consistent quality feed.</li> </ul>
Manufactured in a 100% drug-free facility	<ul style="list-style-type: none"> <li>No risk of detrimental drug contamination.</li> <li>Peace of mind.</li> </ul>
Manufactured in Canada	<ul style="list-style-type: none"> <li>Minimizes transport cost.</li> <li>Optimizes freshness.</li> </ul>

## Ingredients

Fibre	Soybean Hulls, Dehydrated Alfalfa
Protein/Amino Acids	
Starch	
Fat	Soybean Oil
Postbiotic	Yeast Culture Dehydrated
Vitamins	
Minerals	Calcium Carbonate, Calcified Red Seaweed, Copper Sulphate, Organic Zinc, Organic Selenium
Multi-Attributes	Wheat Shorts
Flavour/Binder	Vanilla Flavouring

\* Ingredients are not in order of their inclusion rate.

- Purina recommends analyzing your hay and balancing the ration accordingly.
- Feed clean and dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.
- Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.
- Make any feed change gradually over a 7 to 10 days period.
- Use a scale to weigh your feed so you know exactly how much your horse is being fed. Do not feed by volume.
- These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Consult your Purina Equine Consultant if necessary.
- Follow sound management practices along with optimal preventive veterinary medicine.

### Caution

Directions for use must be carefully followed.

Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
